This year's event will be the largest gathering of hydro professionals worldwide. The week of July 16th will be filled with informative hydropower-focused meetings, workshops, a hydro plant technical tour, a golf tournament, an extensive 10-track conference program, and, of course, the exhibition.

We are honored that you have chosen to join us for this one-of-a-kind hydro event. We are here to help you make the most of your marketing investment.
